Christia John
Lead Associate, EY

“I am an ACCA member and a lead Associate at EY. Following my Plus Two in science, I tried two institutes for ACCA but was disappointed. My dream was realised when I joined IIC Lakshya and worked diligently with the mentors.”

ACCA is the Right Choice

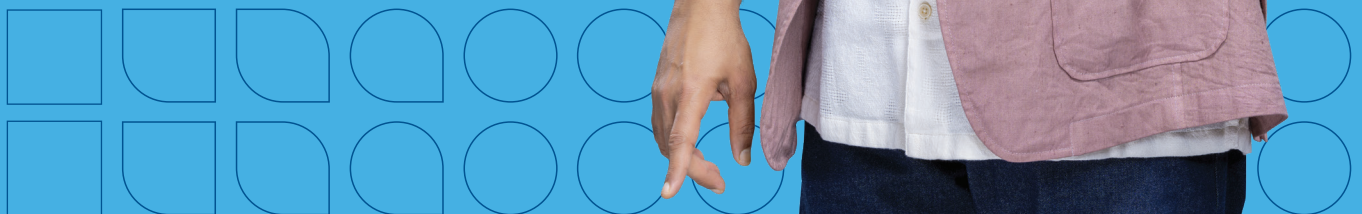

Choose the future of possibilities.

Commerce, Finance, Accounting, whatever you call it, is an ever growing industry promising infinite possibilities for the future economy. The past decade witnessed immense growth in the opportunities it offers. ACCA, the professional commerce course offered by the 1904-born global professional accounting body Association of Chartered Certified Accountants, established itself to be an unequivocal game-changer in the world of accounting.

The uncompromising approach to integrating a solid, practical and modern system, backed up by the best accounting approaches with open doors to innovation and modernisation established ACCA as the world's most forward-thinking professional accountancy body. The growing number of countries recognising ACCA, which is at present 178, proves that 91% of the globe is the playground for every ACCA graduate.

The ACCA programme offered by IIC Lakshya is crafted with utmost care. We, at IIC Lakshya, ensure that our programme beckons the students with zeal to excel and experience learning like nowhere else. Our course is constantly updated with inputs from industry experts to ensure its relevance in the fast-growing world.

The Outstanding Career Window.

To any industry you desire.
To any country you choose.

No industry survives without finance professionals. Accountancy is the most crucial factor in the growth and prosperity of not just organisations, but also economies. The opportunities for commerce-people thus increase exponentially with every addition to any industry around the world. Poor and outdated finance policies bring nothing but disaster regardless of the organisation's vision or strategy.

ACCA, the future-ready and adaptable, association of chartered certified accountants course is a strategically engineered system to meet the ever-growing finance professional support required by industries today as well as the ones to come in future. Global recognition, vast networking opportunities and easiness of adaptability to any scenario make ACCA graduates the favourites for industries of any size and scale. They're out there every day, connecting with businesses large and small, governments, educational establishments and opinion formers; on top of emerging trends, legislation and legal requirements, helping to shape and sustain them.

Did You Choose Science in Plus Two? A Promising Commerce Career is Awaiting You.

Quick Facts

| | |
|-------------|--|
| Name | Reza Backer |
| Job Title | Tax consultant, ACCA Faculty |
| Employer(s) | Indian Institute of Commerce, Lakshya, India Ernst & Young KSA Oxford Brookes University, UK |
| Studies | Reza Backer completed ACCA from Indian Institute of Commerce, Lakshya, and took up an ACCA additional qualification in BSc. Applied Accounting from Oxford Brookes University. |
| Career | Just two years into his career, Reza Backer's career simultaneously fuels three internationally renowned organizations. Along with teaching future commerce professionals in IIC Lakshya and OBU, he is also a tax consultant for EY in the Kingdom of Saudi Arabia. |
| Hobbies | Music, Movies |

Reza Backer

Faculty, IIC Lakshya
Mentor, Oxford Brookes University
Tax Consultant, Ernst & Young, KSA

Life Before Lakshya

Reza commenced ACCA course in 2018 and went on to complete it in 2021. He took up the opportunity to up-skill himself acquiring a BSc. In applied accounting from Oxford Brookes University, UK, an additional qualification course provided by ACCA body. Plus two (Pre-university course) in science was just convenience, but after completing the course, when he compared the opportunities and efforts of the courses available, he found ACCA as the best and most reasonable choice to his career goals; which are dignity in profession, substantial earnings and recognition. The comparison of courses proved that the learning cost, as well as the effort to reach those goals were far less for ACCA than any other courses out there. No other courses could offer the irresistible return on investment (in terms of money, effort and time) ACCA offered. Further digging up opened up to him to the world of tremendous opportunities and a promising future. He was left with no option but to pursue ACCA

Life at Lakshya

Joining Indian Institute of Commerce, Lakshya was his first step. Skeptical of infrastructure, academics, and campus life influenced by the various other CA/ACCA training institutes at the time, he was surprised to find IIC Lakshya turned out to be everything a student expect from a college. Be it academics, curriculum, co-curricular activities, art & cultural programs, training, mentoring or whatever the aspect, IIC Lakshya provided the perfect blend of all of it.

Life After Lakshya

His career took off during the pandemic. The confused young Association of Chartered Certified Accountant from IIC Lakshya, having nothing to do, he decided to give it a try when he noticed his alma mater was hiring mentors. Helping out friends with various subjects during the student days was his only confidence. Once it kickstarted, he advanced from mentor to faculty to team lead in a career spanning less than 2 years. His constant craving for a dynamic career helped him secure a designation of Tax consultant for KSA at Ernst & Young. Not wanting to stop there, he also took up teaching at the Oxford Brookes University, UK. Three parallel professions sounds too much, but not for someone who finds it a way to get over mundaneness.

Endless Possibilities, Just a Glimpse.

Prospective Career Opportunities

Chief Financial Officer, Chief Executive Officer, Management Consultant, Management Accountant, Financial Planner, Finance Manager, Financial Analyst, Chartered Financial Accountant, Internal Auditor, Cost Accountant, Corporate Treasurer, Tax Specialist, Risk Manager, Credit Controller, and much more.
